Department of Information Technology & Telecom
Ministry of Information & Communications
Royal Government of Bhutan

DITT/GDC(07)/2018-2019/024

July 6, 2018

ADDENDUM

The Department would like to issue addendum under following clause:

Scope of Services

1.1 Manage, maintain and operate the Government Data Center network, servers and storage including all the hosted services/applications and all new systems and services within the contract period. The firm should have the capability and capacity to perform installation, configuration, management and integration of hardware/software/networks attached in **Annexure 2**, and carry out installation, configuration and integration of hardware/software/network and services such as DNS, DHCP, SNMP, firewalls, IPv6 and any other Data Center services during the contract period, based on DITT/Client's requirement.

Terms & Conditions:

8. Only eligible Bhutanese firms are allowed to participate. Joint Venture firms are not eligible.
9. Only one person is allowed to assume one role as key professional staff(Refer evaluation criteria).
10. Participating firm should be based in/located in Thimphu.
